West Chester, PA 19382

Company and Product Profile

Sklar Instruments is 126 years old and the fourth largest surgical instrument manufacturer in the United States. Our line of surgical products comprises one of the largest and finest selections in the world. The company has been privately owned for the last 40 years.

Our products are in 5,000 hospitals in the USA and are sold strictly through distribution with the top 4 medical distributors in the USA. Sklar also enjoys prime vendor status with the top GPOs.

Internationally we are present in 40 countries selling through distributors and trading companies.

Sklar rises above the industry by offering our customers four different brands and grades of surgical instruments with a wide range of patterns and price points.

Sklar manufactures not only reusable surgical instruments, but disposable surgical Instruments and products, disinfectants, cleaning products, sterile-disposable procedure kits, sterilization containers and much more.
